Subject: Locations for placement of a printed copy of the draft assessment
Attachments: 20120424 Paper Copy Placement.doc; Stakeholders Bristol Bay 042312.xlsx

This message is a follow up to our conversations on this topic over the past couple of weeks. The current plan is that ORD will print the copies and bulk ship them the EPA Region 10. I verified that our mail room can then ship to the individual recipients.

Printed copies will be provided to:

- 14 - each tribal government that requested consultation
- 29 - a public location in each Bristol Bay community (tribal/village community center or city government)
- 7 - for multiple locations identified in Anchorage, Dillingham and King Salmon
- 50 copies total - (Note: there is a bit of overlap and a couple of landless tribes, so don't stress over my new math)

There is a sheet in the attached spreadsheet with the address and location for the mailout:

- XX - Tribes who requested consultation
- x - A public entity identified within each village, multiple locations for hubs (Anchorage, Dillingham, King Salmon)
- ? - Possibly not needed? In five small communities both a city and native government was identified . (Tribal office is the default)

I am going to send out the attached letter tomorrow (without the two typos) in order to verify locations and mailing addresses.

Judy
